

Special Issue

Vector-Borne Diseases: Advances and Challenges

Message from the Guest Editors

Vector-borne diseases are emerging as a worldwide public health issue. Among these diseases, parasitic diseases are still neglected, and further research must be conducted to protect health. This Special Issue focuses on publishing original research, communications and literature reviews on a broad range vector-borne diseases. We look forward to receiving submissions from authors from across the world for this Special Issue.

Guest Editors

Dr. Jacob Lorenzo-Morales

Departamento de Obstetricia, Ginecología, Pediatría, Medicina Preventiva y Salud Pública, Toxicología, Medicina Legal y Forense y Parasitología, Universidad de La Laguna (ULL), Avda. Astrofísico F. Sánchez, 2, 38206 La Laguna, Tenerife, Spain

Dr. Daniel Bravo-Barriga

Parasitology and Parasitic Diseases, Animal Health Department, School of Veterinary Sciences of Cáceres, University of Extremadura (UEx), Cáceres, Spain

Deadline for manuscript submissions

30 November 2026

About the Journal

Message from the Editor-in-Chief

The worldwide impact of infectious disease is incalculable. The consequences for human health in terms of morbidity and mortality are obvious and vast but, when infections of animals and plants are also taken into account, it is hard to imagine any other disease that has such a significant impact on our lives—on healthcare systems, on agriculture and on world economics.

Pathogens is proud to continue to serve the international community by publishing high quality studies that further our understanding of infection and have meaningful consequences for disease intervention.

Editor-in-Chief

Prof. Dr. Moriya Tsuji

School of Engineering Medicine, Texas A&M University, 2121 West
Holcombe Blvd., Suite 1007, Houston, TX 77030, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, CaPlus / SciFinder, AGRIS, and other databases.

Journal Rank:

JCR - Q2 (Microbiology) / CiteScore - Q1 (Infectious Diseases)
