

## Special Issue

# Research on Hepatitis B Virus: Past, Present, and Future

### Message from the Guest Editor

Clinical and basic research and management of chronic hepatitis B virus infection have progressed much in the last decade. In this Special Issue, “Research on Hepatitis B Virus: Past, Present, and Future”, we will review the natural history of chronic hepatitis B, current guidelines, recent basic and clinical research, and current and future therapies. Experts in these fields will be invited to introduce their data and opinions. We hope the upcoming issue will help you to better understand the disease and achieve further progress in your research.

### Guest Editor

Dr. Hyung Joon Yim

Department of Internal Medicine, Korea University Ansan Hospital, 123 Jeokgeum-ro, Danwon-gu, Ansan 15355, Republic of Korea

### Deadline for manuscript submissions

closed (31 March 2024)

## About the Journal

### Message from the Editor-in-Chief

The worldwide impact of infectious disease is incalculable. The consequences for human health in terms of morbidity and mortality are obvious and vast but, when infections of animals and plants are also taken into account, it is hard to imagine any other disease that has such a significant impact on our lives—on healthcare systems, on agriculture and on world economics.

*Pathogens* is proud to continue to serve the international community by publishing high quality studies that further our understanding of infection and have meaningful consequences for disease intervention.

---

### Editor-in-Chief

Prof. Dr. Moriya Tsuji

School of Engineering Medicine, Texas A&M University, 2121 West  
Holcombe Blvd., Suite 1007, Houston, TX 77030, USA

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, PubAg, CaPlus / SciFinder, AGRIS, and other databases.

#### Journal Rank:

JCR - Q2 (Microbiology) / CiteScore - Q1 (Infectious Diseases)
