Message from the Guest Editor

Dear Colleagues,

We plan to publish a Special Issue on "Feature Papers" to give a broader overview of the area related to new drug development and the search for new therapeutic options. Because of recent developments in targeted therapy, cell therapy/gene therapy, and genomics/proteomics, this area is expanding very rapidly. We therefore would like to give readers the latest information to help our collective understanding. We are looking for top quality articles that showcase topics in the journal's scope. Authors will consist of editorial board members and leading investigators invited by the editorial board. Articles could be either original research article or review article.

Message from the Editor-in-Chief

Because of your expertise in the field of drug sciences, I kindly invite you to consider publishing your current work, in the form of a research article or a review, in the open access electronic journal *Pharmaceuticals*.

Pharmaceuticals is characterized by an active editorial board and a dynamic editorial staff. Manuscripts are peer-reviewed and a final decision is provided to authors within 4–6 weeks after submission. Papers are published on the web immediately after acceptance. For details on the submission process or any other matter, please do not hesitate to contact us.

We hope to handle your contribution to *Pharmaceuticals* soon.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q2 (*Pharmaceutical Science*)
