Message from the Guest Editors

Dear Colleagues,

We would like to invite you to submit an original manuscript, communication or review for this special issue. Your contribution to this topic will greatly enhance the understanding of this important topic to the readers of *Pharmaceuticals*. We would like the focus of this issue to be on the structure-activity relationships between promoiety structure and absorption, targeting and/or activation. Additional focus on the physicochemical changes that the prodrug moiety adds to the molecule and how that results in different PK, distribution kinetics and toxicities are also welcome.

Prof. Dr. Jarkko Rautio

Message from the Editor-in-Chief

Because of your expertise in the field of drug sciences, I kindly invite you to consider publishing your current work, in the form of a research article or a review, in the open access electronic journal *Pharmaceuticals*.

Pharmaceuticals is characterized by an active editorial board and a dynamic editorial staff. Manuscripts are peer-reviewed and a final decision is provided to authors within 4–6 weeks after submission. Papers are published on the web immediately after acceptance. For details on the submission process or any other matter, please do not hesitate to contact us.

We hope to handle your contribution to *Pharmaceuticals* soon.

Author Benefits
