# Medicinal Potential of Cannabidiol and New Structural Analogs

### Message from the Guest Editor

Cannabidiol (CBD) is a chemical found in the Cannabis sativa plant. This plant, which contains more than 80 chemicals called cannabinoids, is also called marijuana. CBD presents a diverse array of effects through interaction with receptors CB1, CB2, and TRPV1. Due to this wide range of effects, CBD plays an essential role in ameliorating a range of diseases. Recent studies demonstrated effects in various systems, such as rheumatoid arthritis, lupus, diabetes, multiple sclerosis, cancer, and neurodegenerative disorders, with a particular emphasis on cancers and autoimmune disorders. We will accept papers that are literature reviews and original papers presenting in silico, in vitro, or in vivo research, but papers that fall outside these criteria will also be considered.

## About the Journal

### Message from the Editor-in-Chief

Because of your expertise in the field of drug sciences, I kindly invite you to consider publishing your current work, in the form of a research article or a review, in the open access electronic journal *Pharmaceuticals*.

*Pharmaceuticals* is characterized by an active editorial board and a dynamic editorial staff. Manuscripts are peer-reviewed and a final decision is provided to authors within 4–6 weeks after submission. Papers are published on the web immediately after acceptance. For details on the submission process or any other matter, please do not hesitate to contact us.

We hope to handle your contribution to *Pharmaceuticals* soon.

---

### Editor-in-Chief

Prof. Dr. Amélia Pilar Rauter

Departamento de Química e Bioquímica (DQB) e Centro de Química Estrutural (CQE), Institute of Molecular Sciences, Faculdade de Ciências, Universidade de Lisboa, Lisboa, Portugal

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)
