

Special Issue

Selected Papers from the 8th International Electronic Conference on Medicinal Chemistry (ECMC2022)

Message from the Guest Editors

We are pleased to announce that, as is the tradition with previous renditions of the Electronic Conference on Medicinal Chemistry (ECMC), we are launching a Special Issue in *Pharmaceuticals* to collect the most exciting contributions from this eighth ECMC. The ECMC 2022 will be hosted on the online platform sciforum.net throughout the month of November. We have received a large number of outstanding contributions covering a wide variety of topics within the medicinal chemistry discipline. We invite authors to contribute a full article describing their original experimental results presented at the ECMC 2022.

About the Journal

Message from the Editor-in-Chief

Because of your expertise in the field of drug sciences, I kindly invite you to consider publishing your current work, in the form of a research article or a review, in the open access electronic journal *Pharmaceuticals*. *Pharmaceuticals* is characterized by an active editorial board and a dynamic editorial staff. Manuscripts are peer-reviewed and a final decision is provided to authors within 4–6 weeks after submission. Papers are published on the web immediately after acceptance. For details on the submission process or any other matter, please do not hesitate to contact us. We hope to handle your contribution to *Pharmaceuticals* soon.

Editor-in-Chief
