

Special Issue

Naturally-Occurring Dietary Compounds for Cancer Prevention and Therapy

Message from the Guest Editors

The purpose of this special issue in *Pharmaceuticals* is to identify some of the most promising chemopreventive agents and describe their mechanisms of action and to present some investigations that suggest the efficacy of using chemoprevention in combination with chemotherapy for cancer treatment.

About the Journal

Message from the Editor-in-Chief

Because of your expertise in the field of drug sciences, I kindly invite you to consider publishing your current work, in the form of a research article or a review, in the open access electronic journal *Pharmaceuticals*.

Pharmaceuticals is characterized by an active editorial board and a dynamic editorial staff. Manuscripts are peer-reviewed and a final decision is provided to authors within 4–6 weeks after submission. Papers are published on the web immediately after acceptance. For details on the submission process or any other matter, please do not hesitate to contact us.

We hope to handle your contribution to *Pharmaceuticals* soon.

Editor-in-Chief
