Innovative Approaches to Radiopharmaceuticals: Advances in Design, Labeling, and Applications

Message from the Guest Editors

We are excited to announce that the *Pharmaceutics* journal will feature Special Issue on radiopharmaceuticals titled "Innovative Approaches to Radiopharmaceuticals: Advances in Design, Labeling, and Applications". We eagerly anticipate your manuscript submissions and look forward to including them in this Special Issue after the review process.

Authors are invited to write on the following topic, but not limited to:

- Novel radiotracers and their targets;
- Novel methods of labeling and purification of new radiotracers or improving the existing ones;
- Stability studies (ex vivo and in vivo);
- Major obstacles faced in the development of radiopharmaceuticals.

About the Journal

Message from the Editor-in-Chief

Because of your expertise in the field of drug sciences, I kindly invite you to consider publishing your current work, in the form of a research article or a review, in the open access electronic journal *Pharmaceuticals*. *Pharmaceuticals* is characterized by an active editorial board and a dynamic editorial staff. Manuscripts are peer-reviewed and a final decision is provided to authors within 4–6 weeks after submission. Papers are published on the web immediately after acceptance. For details on the submission process or any other matter, please do not hesitate to contact us. We hope to handle your contribution to *Pharmaceuticals* soon.
