Selected Papers from the 7th International Electronic Conference on Medicinal Chemistry (ECMC2021)

Message from the Guest Editors

The seventh edition of our series of electronic conferences on medicinal chemistry (<https://ecmc2021.sciforum.net/>) was hosted on the online platform "sciforum.net" from November 1 to November 30, 2021. Thanks to participants and visitors from the five continents, the virtual event was a great success, and the exceptional quality of the submissions made rewarding the most outstanding works extremely difficult. In this Special Issue, we wish to present a range of the featured topics disclosed during the conference.
