# **Special Issue**

# Population Pharmacokinetic and Pharmacodynamics

## Message from the Guest Editors

Submitting a manuscript to the Special Issue "Population Pharmacokinetics and Pharmacodynamics" offers an excellent opportunity for researchers and scholars in pharmacometrics and related disciplines to contribute to a diverse and extensive collection of research. The Issue covers a broad range of areas. including population pharmacokineticspharmacodynamics, physiological-based pharmacokinetics (PBPK), systems pharmacology (QSP), virtual bioequivalence (vBE), precision medicine, and mathematical pharmacology. Additionally, the Issue features computational biology, bioengineering, biophysics, and the use of machine learning in pharmacokinetics-pharmacodynamics. With such a diverse range of topics covered, this Special Issue offers a unique opportunity for researchers to showcase their expertise in the field and contribute to the advancement of pharmacometrics and related disciplines. Moreover, publishing in this Special Issue will provide visibility to authors' work within the scientific community and help them to establish their credibility as experts in their field.

## **About the Journal**

## Message from the Editor-in-Chief

Because of your expertise in the field of drug sciences, I kindly invite you to consider publishing your current work, in the form of a research article or a review, in the open access electronic journal *Pharmaceuticals*. *Pharmaceuticals* is characterized by an active editorial board and a dynamic editorial staff. Manuscripts are peer-reviewed and a final decision is provided to authors within 4–6 weeks after submission. Papers are published on the web immediately after acceptance. For details on the submission process or any other matter, please do not hesitate to contact us.

We hope to handle your contribution to *Pharmaceuticals*.

We hope to handle your contribution to *Pharmaceuticals* soon.

## **Author Benefits**

## Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

## **High Visibility:**

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

### Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)
