An Update on Pharmacogenomic and Pharmacogenetic Challenges in Cardiovascular Diseases and Psychiatric Disorders

Message from the Guest Editor

We are pleased to invite you to contribute with manuscripts in cardiovascular or psychiatric pharmacogenetics and pharmacogenomics research. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but not limited to) the following: genomic-wide data, candidate genes as vascular endothelial growth factor, matrix metalloproteinases, adipokines, brain derived neurotrophic factor, or pathways involved in oxidative stress, blood–brain barrier dynamics (or other membrane barriers), neuroinflammation, corticoid signaling affecting cardiovascular disease or psychiatric disorders and drug therapy. I look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.
