New Approach to Anti-inflammation, Antibacterial and Anti-cancer Therapy: Natural Extracts

Message from the Guest Editors

This Special Issue aims to cover the diverse range of natural extracts and their bioactive components from plants, marines, etc., for inflammation and cancer treatment in terms of molecular mechanisms and novel components. Articles including original research or reviews will be welcome and the topics are expected to focus on but are not limited to: (1) research on novel natural extracts or components for inflammation and cancer; (2) new approaches for extractions; (3) the molecular mechanisms of natural extracts or active components, including signal transduction, inflammatory cytokines, and microbiome/metabolite-mediated regulation; and (4) apply for the pharmacokinetics, pharmacodynamics and delivery systems.

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1
(Pharmaceutical Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 3.3 days (median values for papers published in this journal in the first half of 2025).
