

## Special Issue

# Recent Advances in Exosomes as Drug Carriers

### Message from the Guest Editors

Exosomes are among the EVs that have been the most extensively studied, and are produced by cells exhibiting a variety of functions and targets. They are frequently utilized to transport therapeutic cargo for medical treatments and can be modified to improve their capacity for the distribution of drugs. In this Special Issue, we aim to highlight innovative works concerning the versatile capabilities of these vesicles to be used as natural nanoparticles for personalized medicine in the treatment of various pathologies. As the of this Special Issue of *Pharmaceutics* (IF 6.525), entitled “Recent Advances in Exosomes as Drug Carriers”, I invite you to submit your valuable contributions, in the form of original research articles and reviews. Research areas may include (but are not limited to) the following:

- Exosome nanoformulation;
- Exosome mimicry;
- Exosomes as diagnostic tools.

## About the Journal

### Message from the Editor-in-Chief

*Pharmaceutics* (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Patrick J. Sinko

Ernest Mario School of Pharmacy, Rutgers, The State University of New Jersey, William Levine Hall, Room 225C, 160 Frelinghuysen Road, Piscataway, NJ 08854-8020, USA

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.7 days after submission; acceptance to publication is undertaken in 3.5 days (median values for papers published in this journal in the second half of 2025).
