Polymer Nanoparticles for the Delivery of Anticancer Drugs, 2nd Edition

Message from the Guest Editor

We would like to invite you to contribute both reviews and original articles highlighting recent progress in the development of polymer nanoparticles for the delivery of anticancer drugs, which will be published as part of a Special Issue entitled "Polymer Nanoparticles for the Delivery of Anticancer Drugs (Volume II)". Main topics include, but are not limited to: polymer nanoparticles for chemotherapeutic drug delivery, chemotherapeutic drug and nucleic acid-based co-delivery, photosensitizer delivery, etc.

- targeted nanoparticles
- anticancer drug delivery
- co-delivery system
- stimuli-responsive
- polymer nanoparticles
- controlled release systems
- solubilization

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.
