

## Special Issue

# Bio-Organic Materials for Tissue Engineering and Regenerative Medicine

### Message from the Guest Editors

This volume aims to bring together high-quality scientific papers developed by researchers and leading specialists in the following fields: tissue engineering and regenerative medicine at the bone level, tissue engineering used to obtain aesthetic prostheses after amputation operations, tissue engineering used for obtaining various editorial grafts, regenerative medicine and bioactive compounds used in the recovery of various functions of the body, such as hepatic, renal, cardiac, reproductive, or endocrine, as well as models and experimental techniques used in tissue engineering. The scientific materials obtained, materialized in scientific papers of real value, will be published in this Special Issue in the prestigious international journal *Pharmaceutics*. For the current Special Issue, original research and review articles addressing bio-organic materials for tissue engineering and regenerative medicine are welcomed.

## About the Journal

### Message from the Editor-in-Chief

*Pharmaceutics* (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1  
(Pharmaceutical Science)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 3.3 days (median values for papers published in this journal in the first half of 2025).
