

## Special Issue

# The 15th Anniversary of Pharmaceutics—Advances and Future Trends in Drug Delivery

### Message from the Guest Editors

The year 2023 marks the 15th anniversary of *Pharmaceutics*, and to celebrate this significant milestone, we aim to publish a Special Issue entitled “The 15th Anniversary of *Pharmaceutics*—Advances and Future Trends in Drug Delivery”. Drug delivery can be defined as the process or method of administering a pharmaceutical compound to achieve a therapeutic effect both in humans or animals. The form in which a therapeutic agent is administered can exert an important impact on its efficacy and safety; thus, the use of suitable drug delivery systems (DDSs) can enhance both, leading to improved patient compliance. In addition, the development of new drug molecules is expensive and time consuming, and DDSs represent new promising tools that can give a new life to old drugs by enabling controlled and/or targeted delivery, individualized therapy, real-time monitoring of therapeutic efficacy, improvements in stability, and the repositioning of existing drugs for new therapeutic purposes. In this Special Issue, original research articles and reviews are welcome. We look forward to receiving your contributions.

### Guest Editors

Dr. Ortensia Ilaria Parisi

Department of Pharmacy, Health and Nutritional Sciences, University of Calabria, Rende, Italy

Dr. Marco Dattilo

Department of Pharmacy, Health and Nutritional Sciences, University of Calabria, Rende, Italy

### Deadline for manuscript submissions

closed (31 July 2024)

## About the Journal

### Message from the Editor-in-Chief

*Pharmaceutics* (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Patrick J. Sinko  
Ernest Mario School of Pharmacy, Rutgers, The State University of New Jersey, William Levine Hall, Room 225C, 160 Frelinghuysen Road, Piscataway, NJ 08854-8020, USA

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 3.3 days (median values for papers published in this journal in the first half of 2025).
