

Special Issue

Functional Polymers in Biomedical and Pharmaceutical Applications

Message from the Guest Editor

This Special Issue aims to address how polymer-based drug delivery systems ensure optimal therapeutic efficiency by preserving and precisely delivering therapeutic agents to targeted sites with minimal site effects, releasing them in a controlled and sustained manner according to the patient-specific therapeutic function. I look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.
