Special Issue

Editorial Board Members' Collection Series: Image-Guided and Targeted Theranostic Platforms

Message from the Guest Editors

We are pleased to invite you to contribute to this Special Issue on "Image-Guided and Targeted Theranostic Platforms" in the medical field. This Special Issue intends to provide a unique collection of the latest research accomplishments in the field of imaging, diagnosis, therapy, and nanotheranostics.

In this Special Issue, original research articles and reviews are welcome. Research areas may include, but are not limited to, recent advances in novel nanoparticle constructs, drug-delivery, imaging, and theranostic applications. This Special Issue also covers smart biocompatible/biodegradable theranostics, metal-based nanoformulations, medical imaging tracking modalities, and imaging applied in the drug-delivery field. Moreover, we also encourage research on the aspects of applied characterization, toxicity, and site/disease-specific or multi-modal contrast agents.

Guest Editors

Dr. Murali Mohan Yallapu

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Patrick J. Sinko
Department of Pharmaceutics, Ernest Mario School of Pharmacy, Rutgers University, Piscataway, NJ 08854, USA

Author Benefits

High Visibility:
indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:
JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)

Rapid Publication:
manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 3.3 days (median values for papers published in this journal in the first half of 2025).
