New Nanomedicine Technologies: Drug Formulation and Drug Delivery System Aspects

Message from the Guest Editors

We are delighted to invite you to contribute to a Special Issue of our esteemed journal, entitled "New Nanomedicine Technologies: Drug Formulation and Drug Delivery System Aspects". This Issue aims to explore and showcase original, high-quality publications covering current and novel research activities within the fields of nano-bioengineering, nanomedicine, nano-pharmaceuticals, and pharmaceutical science. Advancements in nanotechnology have revolutionized the field of medicine, particularly in drug formulation and delivery systems. This Special Issue serves as a platform to present cutting-edge research that addresses challenges and explores innovative solutions in nanomedicine technologies. We encourage submissions that delve into novel approaches for drug formulation, advanced nanocarrier systems, targeted drug delivery methods, bioimaging techniques, and personalized medicine applications. By fostering the exchange of knowledge and ideas, this Special Issue will contribute to the development of safer, more efficient, and patient-centric drug delivery systems.

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Patrick J. Sinko

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.7 days after submission; acceptance to publication is undertaken in 3.5 days (median values for papers published in this journal in the second half of 2025).
