Innovations in Skin Delivery Systems

Message from the Guest Editors

We kindly invite you to submit your contribution to the Special Issue titled “Innovation in Skin Delivery Systems”. This issue aims to highlight innovative approaches used to design and characterize delivery systems for skin applications. Up-to-date original research, and ground-breaking reviews are sought. A wide diversity of topics will be considered, ranging from innovative excipients to nanotechnology-based formulations. This Special Issue will cover delivery systems designed to load drugs, vaccines, biopharmaceuticals, and bioactive compounds. This Special Issue may be of interest if your work aims to overcome the skin barrier using an advanced delivery system. Your contributions are welcome, and we look forward to receiving your interesting manuscripts.

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.
