Advances in Chemically Enhanced Peptide and Protein Therapeutics

Message from the Guest Editors

This Special Issue titled “Advances in Chemically Enhanced Peptide and Protein Therapeutics” aims to collate as many original research articles and reviews as possible on pharmaceutical approaches applied to chemically enhanced peptides or proteins; proposal, synthesis, and characterization studies; in vitro and in vivo studies; and clinical trials. In addition, works aiming to increase knowledge on synthesizing various peptide- or protein-based formulations; characterization; diagnostics; treatments; and theragnosis are welcome. We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.
