

Special Issue

Smart Drug Delivery Systems for Immunotherapeutic Agents

Message from the Guest Editors

This Special Issue provides a unique platform for researchers, clinicians, and pharmaceutical scientists to share their latest findings in immunotherapy drug delivery. Authors will benefit from the following:

- Wide reach and high visibility within the biomedical and pharmaceutical research communities.
- Rigorous peer review ensuring scientific excellence and impact.
- Opportunities for collaboration with interdisciplinary experts in immunotherapy and drug delivery.

We welcome original research papers focusing on novel delivery platforms, preclinical and clinical studies, and translational approaches in immunotherapy. Submit your manuscripts and contribute to advancing the future of immunotherapy drug delivery!

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.
