

Special Issue

Green Chemistry and Green Engineering in Current and Novel Pharmaceutical Applications

Message from the Guest Editors

This Special Issue is related to the current and novel applications of green chemistry and green engineering in the field of pharmaceuticals. Twelve green principles developed during the 20th century inspired researchers worldwide to investigate and make efforts in realizing new knowledge and new inventions, designs and applications of products and processes fitting the concept of green chemistry and with the potential to be implemented by the modern pharmaceutical and cosmetic industry. The evidence shows that steps forward in industrial application have been made, but more green innovations are needed to push it more intensively. The same task has brought together scientists and industry in the new network framed in the COST Action 18224—Greenering—Green Chemical Engineering Network towards Upscaling Sustainable Processes. In accordance with that, this Special Issue welcomes the submission of original research manuscripts or reviews concerning the development of novel processes (high-pressure processes, processes applying green solvents, green particle engineering and green synthesis) and pharmaceutical products with respect to the green concept.

Guest Editors

Prof. Dr. Senka Vidovic
Prof. Dr. Ana Rita C. Duarte
Dr. Anastasia Detsi

Deadline for manuscript submissions

closed (20 December 2021)

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Patrick J. Sinko

Ernest Mario School of Pharmacy, Rutgers, The State University of New Jersey, William Levine Hall, Room 225C, 160 Frelinghuysen Road, Piscataway, NJ 08854-8020, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.7 days after submission; acceptance to publication is undertaken in 3.5 days (median values for papers published in this journal in the second half of 2025).
