

Special Issue

Nanostructured Lipid Carriers: Design, Properties and Applications in Drug Delivery

Message from the Guest Editors

This Special Issue will be a collection of full papers, short communications, and review papers dedicated to the latest advances in nanostructured lipid carriers. Readers will find new information about NLCs, focused on issues such as structure, preparation techniques, characterization, and various applications in drug delivery. Studies offering innovative methodologies and new applications of nanostructured lipid carriers are also welcome.
