

## Special Issue

# Nanosuspensions for Enhanced Oral Bioavailability

### Message from the Guest Editors

The aim of this Special Issue is to introduce recent developments and findings for all topics related to the nanosuspension. Thus, this Special Issue devotes mainly applied aspects, including application of novel bioactive materials to nanosuspension, the development of novel nanosuspension manufacturing technologies or formulations, the evaluation of biopharmaceutical performance for specialized administration routes, and physicochemical instability of nanosuspension and approaches to overcome it. Applicable bioactive materials are not limited to drugs, but may also include natural products with biological activity.

## About the Journal

### Message from the Editor-in-Chief

*Pharmaceutics* (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 3.3 days (median values for papers published in this journal in the first half of 2025).
