

## Special Issue

# Porous Silicon for Drug Delivery

### Message from the Guest Editor

This Special Issue focuses on recent developments in the area of drug delivery using porous silicon in its many aspects, covering emerging pharmaceutically acceptable routes of synthesis for the material, as well as functionalisation strategies for its surface. Challenges in its clinical translation and pharmaceutical processability will also be discussed, together with opportunities and current commercialisation efforts. The possible topics include, but are not limited to the following:

- Biogenic sources of silicon for drug delivery applications
- Porous silicon as an imaging platform for biomedical purposes
- Biofunctionalisation of porous silicon vectors
- Multistage porous silicon formulations
- Pharmaceutical processing of porous silicon particles
- High aspect-ratio porous silicon structures for the sensing and delivery of therapeutics
- Porous silicon-based biosensors and their therapeutic applications

## About the Journal

### Message from the Editor-in-Chief

*Pharmaceutics* (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1  
(Pharmaceutical Science)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 3.3 days (median values for papers published in this journal in the first half of 2025).
