

Special Issue

Advanced Technologies for Developing the State-of-the-Art Nanomedicines

Message from the Guest Editors

This Special Issue aims to highlight recent advances in the development of nanomedicines. Nanomedicines with novel strategies, novel materials, and/or novel therapeutic targets will be well illustrated by eminent scientists, as well as several emerging young scientists, in the field of nanomedicines. We welcome contributions in the form of reviews or original research articles on the topics of nanomedicines, including, but not limited to, the following fields:

- Nanomedicines beyond the enhanced permeability and retention (EPR) effect
- Nanomedicines for targeted drug delivery
- Stimuli-responsive nanomedicines
- Bio-inspired nanomaterials
- Organic-inorganic nanomaterials
- Peptide self-assembly
- Analytic techniques for characterizing nanomedicines
- Nanovaccine

Guest Editors

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceuticals and biopharmaceuticals. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Patrick J. Sinko
Department of Pharmaceutics, Ernest Mario School of Pharmacy,
Rutgers University, Piscataway, NJ 08854, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1
(Pharmaceutical Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 3.3 days (median values for papers published in this journal in the first half of 2025).
