Special Issue

Dosage Forms and Delivery Systems for Vaginal Therapy

Message from the Guest Editor

The focus of this issue is on the challenges and promises of delivery systems for the drug therapy of vaginal diseases. In spite of advancements in drug delivery technologies, the vaginal route of drug administration remains a challenge in the development of novel drug therapies. Most of the delivery systems are aimed at improving the treatment of vaginal infections, including HIV prevention. Promising new approaches in design of drug delivery systems destined both for local therapy and systemic absorption, the role of system's mucoadhesiveness, potential for drug targeting, industrial scale up and acceptability by patients will be discussed in this issue. In addition, potential toxicity issues and use of delivery systems in pregnancy, optimization of drug delivery in pre- and postmenopausal women will also be included.

About the Journal

Message from the Editor-in-Chief

Pharmaceutics (ISSN 1999-4923) is an online open access journal on the science and technology of pharmaceutics and biopharmaceutics. The scientific community, the wider community and the general public have unlimited and free access to the content as soon as a paper is published; this open access to your research ensures your findings are shared with the widest possible audience. Please consider publishing your impressive work in this high quality journal. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Patrick J. Sinko

Ernest Mario School of Pharmacy, Rutgers, The State University of New Jersey, William Levine Hall, Room 225C, 160 Frelinghuysen Road, Piscataway, NJ 08854-8020, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Pharmacology and Pharmacy) / CiteScore - Q1 (Pharmaceutical Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 3.3 days (median values for papers published in this journal in the first half of 2025).
