Pharmacist Workforce Challenges and Solutions: Insights from Research and Practice

Message from the Guest Editor

I hereby invite you to submit your work to this Special Issue “Pharmacist Workforce Challenges and Solutions: Insights from Research and Practice”, in *Pharmacy*.

Recent health landscape changes, including the pandemic and natural disasters, have highlighted the essential role of pharmacists in our healthcare system. Workforce capability and capacity are key elements in ensuring sustainability in any healthcare system. In recent times, workforce challenges have been reported due to the increased health demands worldwide. The “Pharmacist Workforce Challenges and Solutions: Insights from Research and Practice” Special Issue aims to present a collection of research articles, reviews, meta-analyses, commentaries, and opinion pieces that explore the challenges faced by pharmacists in their profession and propose innovative solutions. Through empirical studies, case examples, and practical experiences, the Special Issue will provide valuable insights into the evolving roles of pharmacists, workforce shortages, burnout, and strategies for recruitment as well as retention.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Pharmacy* (ISSN 2226-4787). *Pharmacy*, an international scientific open access journal on pharmacy education and practice, is published by MDPI online quarterly. *Pharmacy* is published in open access format—research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published.

Editor-in-Chief

Prof. Dr. Jon Schommer

College of Pharmacy, University of Minnesota, Minneapolis, MN 55455,
USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within ESCI (Web of Science), PubMed, PMC, Embase, and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 23.9 days after submission; acceptance to publication is undertaken in 3 days (median values for papers published in this journal in the first half of 2025).
