

## Special Issue

# The 10th Anniversary of *Pharmacy*—Advances in Pharmacy Education and Practice

### Message from the Guest Editors

The year 2022 will see the release of the 10th volume of the journal *Pharmacy* (ISSN 2226-4787), and we would be happy for you to join us in celebrating this momentous occasion. Since 2013, when the inaugural issue of *Pharmacy* was launched, we have already published more than 900 papers from more than 3100 authors. In addition, more than 1200 reviewers have submitted at least one review report. We would like to express our sincerest thanks to our readers, innumerable authors, anonymous peer reviewers, editors, and all the people working in some way for the journal who have made substantial contributions for years. Without your support, we would never have made it. To mark this significant milestone, a Special Issue entitled “10th Anniversary of *Pharmacy*—Advances in Pharmacy Education and Practice” is being launched. This Special Issue includes high-quality papers under the broad scope of *Pharmacy*. We would like to invite you to contribute an original research paper or a comprehensive review article on a trending or hot topic for peer review and possible publication.

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Pharmacy* (ISSN 2226-4787). *Pharmacy*, an international scientific open access journal on pharmacy education and practice, is published by MDPI online quarterly. *Pharmacy* is published in open access format—research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published.
