Deadline for manuscript  
submissions:

**closed (31 October 2019)**

### Message from the Guest Editor

Dear Colleagues,

META 2019, the 10th International Conference on Metamaterials, Photonic Crystals and Plasmonics will take place in Instituto Superior Técnico, Lisbon, Portugal, from July 23, 2019 to July 26, 2019. The program will facilitate discussions on various current hot topics such as metasurfaces & metadevices, topological effects in optics, two-dimensional materials, light-matter interaction in nanocavities, plasmonic circuits, thermal engineering, quantum photonic systems, etc.

This Special Issue will contain a selection of papers submitted and accepted at META 2019. Its main scope is to provide a timely and broad collection of the most innovative topics discussed at the latest edition of the congress related to nanophotonics and metamaterials.

Prof. Said Zouhdi
