

Special Issue

Group IV Photonics: Advances and Applications

Message from the Guest Editors

The aim of this Special Issue is to provide a comprehensive overview of the recent advances and applications of Group IV photonics. The scope of this issue will encompass the following topics: the development of Group IV photonic devices and materials; optoelectronic properties of Group IV devices and systems; the integration of Group IV materials in photonic devices; light sources on silicon; applications of Group IV photonics in various fields such as telecommunications, sensing, data storage, renewable energy, and biomedicine; programmable photonics; silicon photonics; foundry and manufacturing; integrated quantum photonics; and artificial intelligence chip.

Guest Editors

Prof. Dr. Alex Yasha Yi

Prof. Dr. Linjie Zhou

Prof. Dr. Daoxin Dai

Dr. Barry James Koch

Dr. Yan Cai

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Photonics* (ISSN 2304-6732). *Photonics* is an online open access journal covering both the fundamental and applications of optics and photonics. *Photonics* strives to provide an avenue to allow authors to disseminate their scientific findings—both theoretical/ simulations and experimental works—in highly accessible peer-reviewed journal publications. The manuscript in *Photonics* will be handled with quick turnaround production processing time. We welcome authors to submit their manuscripts for publications in *Photonics*. Our goal in *Photonics* is to enable fast dissemination of high impact works to the scientific community.

Editor-in-Chief

Prof. Dr. Nelson Tansu

School of Electrical and Electronic Engineering (EEE), The University of Adelaide, Adelaide, SA 5005, Australia

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q2 (Instrumentation)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.8 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the first half of 2025).
