

Special Issue

Fiber Lasers: Recent Advances and Applications

Message from the Guest Editors

The Special Issue aims to present original state-of-the-art research articles dealing with recent advances and applications of fiber lasers. Researchers are invited to submit their contributions to this Special Issue. Topics include, but are not limited to, the following:

- Fiber lasers;
- Narrow linewidth fiber lasers;
- Single longitudinal mode fiber lasers;
- Q-switched fiber lasers;
- Mode-locked fiber lasers;
- Multiwavelength fiber lasers;
- Brillouin fiber lasers;
- Raman fiber lasers;
- Fiber lasers with semiconductor optical amplifiers;
- High-power fiber lasers;
- Modeling of fiber lasers;
- Supercontinuum fiber lasers;
- Applications of fiber lasers.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Photonics* (ISSN 2304-6732). *Photonics* is an online open access journal covering both the fundamental and applications of optics and photonics. *Photonics* strives to provide an avenue to allow authors to disseminate their scientific findings—both theoretical/ simulations and experimental works—in highly accessible peer-reviewed journal publications. The manuscript in *Photonics* will be handled with quick turnaround production processing time. We welcome authors to submit their manuscripts for publications in *Photonics*. Our goal in *Photonics* is to enable fast dissemination of high impact works to the scientific community.

Editor-in-Chief

Prof. Dr. Nelson Tansu

School of Electrical and Electronic Engineering (EEE), The University of Adelaide, Adelaide, SA 5005, Australia

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q2 (Instrumentation)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.8 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the first half of 2025).
