

# Special Issue

## Advances on Applications of Optics and Photonics

### Message from the Guest Editor

We are honored to serve as of this Special Issue to be published in *Photonics* that will contain not only a selection of papers submitted and accepted at AOP2021 but also high-quality papers from authors not attending the conference. Its main scope is to provide a timely and broad collection of the most innovative topics discussed at the latest edition of the conference related to applications of optics and photonics. We warmly invite researchers to submit their contributions, both original research articles and review papers, to this Special Issue. Topics include but are not limited to:

- Nanophotonics, plasmonics, theoretical optics, quantum, and nonlinear optics
- Optical communications and sensors
- Optical fibers and applications
- Biophotonics and biomedical and medical applications of optics and photonics
- Ultrafast lasers and ultrafast optics, power lasers
- Optical metrology, image processing and industrial applications
- Optometry, ophthalmic optics, color and visual sciences
- Optoelectronics
- Microwave photonics
- Photonics and optical instrumentation for space and astronomy
- Optics and photonics for smart mobility and smart cities

### Guest Editor

Prof. Dr. Manuel Filipe P. C. M. Costa

Center of Physics, School of Sciences, University of Minho, 4710-057 Braga, Portugal

### Deadline for manuscript submissions

closed (30 October 2022)

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Photonics* (ISSN 2304-6732). *Photonics* is an online open access journal covering both the fundamental and applications of optics and photonics. *Photonics* strives to provide an avenue to allow authors to disseminate their scientific findings—both theoretical/ simulations and experimental works—in highly accessible peer-reviewed journal publications. The manuscript in *Photonics* will be handled with quick turnaround production processing time. We welcome authors to submit their manuscripts for publications in *Photonics*. Our goal in *Photonics* is to enable fast dissemination of high impact works to the scientific community.

---

### Editor-in-Chief

Prof. Dr. Nelson Tansu

School of Electrical and Electronic Engineering (EEE), The University of Adelaide, Adelaide, SA 5005, Australia

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Optics)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the second half of 2024).
