

Special Issue

Photonic Integration: Technologies and Applications

Message from the Guest Editors

The goal of this Special Issue is to attract contributions from world-leading experts in the area of PIC in an effort to offer an overview of the field with a particular emphasis on major advances and outstanding challenges. The accepted contributions will include visionary works emphasizing state-of-the-art design, technological breakthroughs, experimental verifications, proof-of-concept demonstrations, and industrial applications. All papers need to present original, previously unpublished work and will be subject to the normal standards and peer-review processes of the journal. Manuscripts must be prepared according to the usual standards for submission to Photonics and uploaded through the MDPI electronic submission system.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Photonics* (ISSN 2304-6732). *Photonics* is an online open access journal covering both the fundamental and applications of optics and photonics. *Photonics* strives to provide an avenue to allow authors to disseminate their scientific findings—both theoretical/ simulations and experimental works—in highly accessible peer-reviewed journal publications. The manuscript in *Photonics* will be handled with quick turnaround production processing time. We welcome authors to submit their manuscripts for publications in *Photonics*. Our goal in *Photonics* is to enable fast dissemination of high impact works to the scientific community.

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q2 (Instrumentation)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.8 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the first half of 2025).
