

Special Issue

Glass Optics

Message from the Guest Editors

It is a great pleasure to invite you to contribute research articles and review papers to this Special Issue entitled “Glass Optics”. Recent advances in glass science and technology have led to novel devices and components providing a large spectrum of applications covering scientific and technological areas which are strongly linked to everyday life and crucial for future needs. This Special Issue aims to highlight a wide range of topics related to glass optics, including recent advances in processing, advanced characterization, and modelling, as well as novel technology development and applications of glass to be used in optics. Topics of interest also include the recent development and exciting potential optical applications of glass ceramics.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Photonics* (ISSN 2304-6732). *Photonics* is an online open access journal covering both the fundamental and applications of optics and photonics. *Photonics* strives to provide an avenue to allow authors to disseminate their scientific findings—both theoretical/ simulations and experimental works—in highly accessible peer-reviewed journal publications. The manuscript in *Photonics* will be handled with quick turnaround production processing time. We welcome authors to submit their manuscripts for publications in *Photonics*. Our goal in *Photonics* is to enable fast dissemination of high impact works to the scientific community.

Editor-in-Chief

Prof. Dr. Nelson Tansu

School of Electrical and Electronic Engineering (EEE), The University of Adelaide, Adelaide, SA 5005, Australia

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q2 (Instrumentation)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.8 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the first half of 2025).
