

Special Issue

Optical Trapping: Techniques and Applications

Message from the Guest Editors

This Special Issue of “*Optical Trapping: Techniques and Applications*” is devoted to optical forces and their wide range of applications. The main objective is to invite original articles on latest innovative ideas, techniques and results and also review articles summarizing/describing the recent work done on the development and application of optical forces. Focus areas include (not limited to) the development and use of optical manipulation tools for:

- Biophotonics
- Quantum Photonics
- Waveguide formation
- Microfluidics
- Plasmonics, metasurfaces and structured materials

Guest Editors

Dr. Rekha Gautam

Dr. Behnam Tayebi

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Photonics* (ISSN 2304-6732). *Photonics* is an online open access journal covering both the fundamental and applications of optics and photonics. *Photonics* strives to provide an avenue to allow authors to disseminate their scientific findings—both theoretical/ simulations and experimental works—in highly accessible peer-reviewed journal publications. The manuscript in *Photonics* will be handled with quick turnaround production processing time. We welcome authors to submit their manuscripts for publications in *Photonics*. Our goal in *Photonics* is to enable fast dissemination of high impact works to the scientific community.

Editor-in-Chief

Prof. Dr. Nelson Tansu

School of Electrical and Electronic Engineering (EEE), The University of Adelaide, Adelaide, SA 5005, Australia

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q2 (Instrumentation)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.8 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the first half of 2025).
