

Special Issue

Photonic Devices and Systems

Message from the Guest Editors

This Special Issue will focus on state-of-the-art research in photonic devices and systems. This leads to various applications in technology fields such as imaging, communication, sensing, and instrumentation, as well as sciences such as biology and medicine, and fundamental physics. Both original research papers and review articles describing state-of-the-art innovations in this research field are welcome. This Special Issue will cover a range of topics from the field, including but not limited to the following:

- Photonic components and devices;
- Light-scattering phenomena and systems;
- Photonic systems;
- Thin film and photonic materials;
- Laser processing;
- Photonic crystals;
- Photonic nanojets;
- Fiber components and system.

Guest Editors

Dr. Cheng-Yang Liu

Department of Biomedical Engineering, National Yang Ming Chiao Tung University, Taipei City, Taiwan

Prof. Dr. Igor V. Minin

Tomsk Polytechnic University, 30 Lenin Avenue, 634050 Tomsk, Russia

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Photonics* (ISSN 2304-6732). *Photonics* is an online open access journal covering both the fundamental and applications of optics and photonics. *Photonics* strives to provide an avenue to allow authors to disseminate their scientific findings—both theoretical/ simulations and experimental works—in highly accessible peer-reviewed journal publications. The manuscript in *Photonics* will be handled with quick turnaround production processing time. We welcome authors to submit their manuscripts for publications in *Photonics*. Our goal in *Photonics* is to enable fast dissemination of high impact works to the scientific community.

Editor-in-Chief

Prof. Dr. Nelson Tansu

School of Electrical and Electronic Engineering (EEE), The University of Adelaide, Adelaide, SA 5005, Australia

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q2 (Instrumentation)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.8 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the first half of 2025).
