

## Special Issue

# Beyond the Standard Models of Physics and Cosmology: 2nd Edition

### Message from the Guest Editor

This Special Issue is the second edition of “Beyond the Standard Models of Physics and Cosmology” ([https://www.mdpi.com/journal/physics/special\\_issues/BSMPC](https://www.mdpi.com/journal/physics/special_issues/BSMPC)). The second Special Issue plans to provide a platform for the debuts of young scientists in their studies on particle physics and cosmology beyond the standard models.

#### Author Benefits

##### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

##### High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec, INSPIRE, Astrophysics Data System, and other databases.

##### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 25.9 days after submission; acceptance to publication is undertaken in 20.7 days (median values for papers published in this journal in the first half of 2025).
