

Special Issue

High Energy Heavy Ion Physics –Zimányi School 2024

Message from the Guest Editors

This Special Issue will present selected papers from the 24th Zimányi School Winter Workshop on heavy ion physics (Zimányi 24, <http://zimanyischool.kfki.hu/24/>, 2–6 December 2024). *Zimányi 24* followed the rich traditions of the former Winter School, covering the recent progress in the field. We would like to invite you to participate in this year's Zimányi School Winter Workshop, which aims to summarize the developments of 2024 in high energy heavy ion physics, with particular attention to the new data emerging from the Relativistic Heavy Ion Collider (RHIC) and the Large Hadron Collider (LHC), Super Proton Synchrotron (SPS) and Japan Proton Accelerator Research Complex (J-PARC). We will discuss results from other high-energy nuclear and particle physics facilities worldwide, most importantly lower energy colliders, exploring the nuclear phase diagram (emphasizing the Facility for Antiproton and Ion Research (FAIR) searches). Another important point of the School is to discuss new results in hydrodynamics, flow, and femtoscopy. One of the school's main aims is to encourage interaction between the theoretical and experimental communities.

Guest Editors

Prof. Dr. Máté Csanád

Dr. Sándor Lökös

Dr. Dániel Kincses

Dr. Péter Kovács

Deadline for manuscript submissions

31 July 2025

About the Journal

Message from the Editor-in-Chief

Editor-in-Chief

Prof. Dr. Edward Sarkisyan-Grinbaum

1. Experimental Physics Department, CERN, 1211 Geneva 23, Switzerland
2. Department of Physics, The University of Texas at Arlington, Arlington, TX 76019, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec, INSPIRE, Astrophysics Data System, and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 25.9 days after submission; acceptance to publication is undertaken in 20.7 days (median values for papers published in this journal in the first half of 2025).
