an Open Access Journal by MDPI

## Advances in Grapevine Genotyping, Varietal Identification and Germplasm Collections

Guest Editors:

**Dr. Giacomo Morreale**

**Dr. Carlo Bergamini**

**Dr. Alessandra Zombardo**

**Dr. Luca Nerva**

Deadline for manuscript  
submissions:

**closed (20 November 2022)**

### Message from the Guest Editors

This Special Issue is focused on the genetics and genomics variability of the *Vitis* germplasm and the use of collections to understand the current status of genetic diversity analysis, the situation of germplasm collections and advancements in researches that connect genes to phenotype and those to be involved in biotic and abiotic stresses.

The submission of reviews, research articles, and short communications focused on the above topics is welcome.

*Plants* has received an IF of **3.935** and falls into the highest quartile (**Q1**) in the category 'Plant Sciences'.

## Editor-in-Chief

### **Prof. Dr. Dilantha Fernando**

Department of Plant Science,  
University of Manitoba, Winnipeg,  
MB R3T 2N2, Canada

## Message from the Editor-in-Chief

*Plants* is an open access journal which provides an advanced forum for research findings in areas related to plant function, its physiology, biology, taxonomy, stresses, and its interactions with other organisms. It publishes original research articles, reviews, reports, conference proceedings (peer reviewed full articles) and communications. In original research papers, it is important that full experimental details are provided. We also encourage timely reviews and commentaries on topics of interest to the plant research community.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, AGRIS, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q1 (*Plant Sciences*) / CiteScore - Q1 (*Plant Science*)
