

## Special Issue

# Bioactivities of Natural Products, Second Edition

### Message from the Guest Editors

After the success of the first volume of "Bioactivities of Nature Products", we are launching the second edition of this *Plants* Special Issue. We are enthusiastic about continuing to explore the fascinating world of plants, specifically on topics related to the chemistry of plant secondary metabolites and their biological activities, as well as innovative methodologies for separating them. Current delivery approaches through nano- or micrometric systems will also be considered. Therefore, this second edition invites authors to contribute original research manuscripts, reviews, or short notes in which they have demonstrated the chemistry and bioactivities of natural products using in vitro or in vivo models.

### Guest Editors

Prof. Dr. Luis Ricardo Hernández

Prof. Dr. Eugenio Sánchez-Arreola

Prof. Dr. Edgar R. López-Mena

### Deadline for manuscript submissions

31 December 2025

## About the Journal

### Message from the Editor-in-Chief

*Plants* is an open access journal which provides an advanced forum for research findings in areas related to plant function, its physiology, biology, taxonomy, stresses, and its interactions with other organisms. It publishes original research articles, reviews, reports, conference proceedings (peer reviewed full articles) and communications. In original research papers, it is important that full experimental details are provided. We also encourage timely reviews and commentaries on topics of interest to the plant research community.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, AGRIS, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q1 (Plant Sciences) / CiteScore - Q1 (Ecology, Evolution, Behavior and Systematics)
