

Special Issue

Nutritional Metabolism and Metabolome in Plants

Message from the Guest Editors

We are excited to announce the launch of a Special Issue in our esteemed international journal, focusing on the fascinating and critical topic of "Nutritional Metabolism and Metabolome in Plants". This Special Issue aims to bring together leading researchers and scholars from around the world to explore the latest advancements, insights, and challenges in the field of plant nutritional metabolism and metabolomics. Understanding the nutritional metabolism and metabolome of plants is crucial for various fields, including agriculture, environmental science, and pharmaceutical research. This Special Issue seeks to provide a comprehensive platform for the dissemination of cutting-edge research, innovative ideas, and interdisciplinary approaches in this area.

Guest Editors

Dr. Chuanying Fang

School of Breeding and Multiplication, Hainan University, Sanya 572022, China

Dr. Kang Li

School of Tropical Agriculture and Forestry, Hainan University, Danzhou 571737, China

Deadline for manuscript submissions

closed (31 July 2025)

About the Journal

Message from the Editor-in-Chief

Plants is an open access journal which provides an advanced forum for research findings in areas related to plant function, its physiology, biology, taxonomy, stresses, and its interactions with other organisms. It publishes original research articles, reviews, reports, and conference proceedings (peer reviewed full articles) and communications. In original research papers, it is important that full experimental details are provided. We also encourage timely reviews and commentaries on topics of interest to the plant research community.

Editor-in-Chief

Prof. Dr. Dilantha Fernando

Department of Plant Science, University of Manitoba, Winnipeg, MB
R3T 2N2, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, AGRIS, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Plant Sciences) / CiteScore - Q1 (Ecology, Evolution, Behavior and Systematics)
