

Special Issue

Selected Articles from the 6th International Scientific Conference “Plant Genetics, Genomics, Bioinformatics and Biotechnology” (PlantGen2021)

Message from the Guest Editors

On behalf of the Organizing Committee, we are pleased to announce this call for papers for a Special Issue consisting of papers selected from the 6th International Scientific Conference “PlantGen2021”, which will be held on 14–18 June 2021 at the Federal Research Center Institute of Cytology and Genetics SB RAS in Novosibirsk, Russia

(<https://conf.icgbio.ru/plantgen2021/en/>). The Conference will present the results of the latest original research related to the topics: 1) genetics of development and stress tolerance; 2) evolutionary and functional genomics; 3) plant biotechnology in the post-genome era; 4) bioinformatics, plant systems biology and digital phenotyping; 5) industrial biotechnology.

Guest Editors

Dr. Irina N. Leonova

Federal Research Center Institute of Cytology and Genetics SB RAS,
630090 Novosibirsk, Russia

Dr. Yuri Shavrukov

College of Science and Engineering (Biological Sciences), Flinders
University, Adelaide, SA 5042, Australia

Deadline for manuscript submissions

closed (31 October 2021)

About the Journal

Message from the Editor-in-Chief

Plants is an open access journal which provides an advanced forum for research findings in areas related to plant function, its physiology, biology, taxonomy, stresses, and its interactions with other organisms. It publishes original research articles, reviews, reports, conference proceedings (peer reviewed full articles) and communications. In original research papers, it is important that full experimental details are provided. We also encourage timely reviews and commentaries on topics of interest to the plant research community.

Editor-in-Chief

Prof. Dr. Dilantha Fernando

Department of Plant Science, University of Manitoba, Winnipeg, MB
R3T 2N2, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, AGRIS, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q1 (Plant Sciences) / CiteScore - Q1 (Ecology, Evolution, Behavior and Systematics)
