Message from the Guest Editors

Dear Colleagues,

In this Special Issue, we aspire to collect reasonable and comprehensive findings regarding structure and functionality of bio-based sustainable polymers performing as multifaceted barrier and active packaging in food, cosmetic, and other areas. The content of the collection will cover diverse fields of knowledge embracing polymer chemistry, microbiology, biotechnology, chemical engineering, materials science, physical–chemical characterizations, transport–diffusion phenomena, controlled release, biodegradation exploring, and others.

Prof. Dr. Alexey Iordanskii

Guest Editor

Deadline for manuscript
submissions:

30 April 2020

Editor-in-Chief

und Polymertechnologien
Universität Potsdam, Germany

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 3.164.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed by the Science Citation Index Expanded (Web of Science), Scopus (2017 CiteScore: **3.30**), citations available in PubMed, full-text archived in PubMed Central, and other databases.

Rapid Publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 15.1 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the second half of 2019).
