

Special Issue

Emerging Trends in Polymer Engineering: Polymer Connect-2024

Message from the Guest Editor

I am cordially inviting you to contribute to a Special Issue of *Polymers* marking the upcoming Polymer Connect-2024 conference. The Special Issue, titled "Emerging Trends in Polymer Engineering: Polymer Connect-2024", will capture cutting-edge advancements and innovative research presented at this conference in the field of polymer science, including, but not limited to, the following:

- The characterization of synthetic and natural polymers;
- Polymers in chemistry;
- Polymer hybrids and nanocomposites;
- Polymer biomaterials and tissue engineering;
- Polymers for human health;
- Biomedical and biodegradable polymers;
- Polymer recycling and re-use;
- Polymers in the environment;
- Functional polymers;
- Polymers in energy.

We invite you to submit a manuscript for consideration, highlighting your research findings, insights, and innovations in the field of polymer science. We look forward to your participation in and contribution to this exciting endeavour. Sincerely,

Guest Editor

Dr. Alberto García-Peñas

Department of Materials Science and Engineering, University Carlos III of Madrid, 26, 28903 Getafe, Madrid, Spain

Deadline for manuscript submissions

25 November 2025

About the Journal

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.7.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Alexander Böker

Lehrstuhl für Polymermaterialien und Polymertechnologie, University of Potsdam, 14476 Potsdam-Golm, Germany

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
