

# Special Issue

## Advanced Polymers in Food Science

### Message from the Guest Editor

We are currently welcoming submissions for a Special Issue of *Polymers* entitled “Advanced Polymers in Food Science”. This Special Issue will be specifically dedicated to works related to polymers and their application in food science. This Special Issue will cover the following topics:

- The use of natural polymers in food science, including polysaccharides, proteins, and lipids.
- The use of synthetic polymers in food science and their preparation and safety.
- The modification of polymers for use in food science.
- Applications of polymers in food preservation, food manufacturing, probiotic encapsulation, the encapsulation and delivery of bioactive substances, emulsion, and stabilization.

### Guest Editor

Dr. Chengcheng Li

## About the Journal

### Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.7.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

#### Journal Rank:

JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
