

Special Issue

Advanced Functional Polymer Materials: Synthesis, Characterization and Applications

Message from the Guest Editors

This Special Issue aims to cover the design and synthesis of luminescent materials for various applications, composite materials based on polymer materials, including mechanochromic materials, mechanoluminescent materials, flame retardant materials, etc. In consideration of your outstanding achievements in the field, I would like to cordially invite you to submit a paper to this Special Issue through the journal's website at your earliest convenience. Research articles, review articles, perspectives, communications, and letters are all welcome. Submitted manuscripts should not have been published previously nor be under consideration for publication elsewhere. All manuscripts will be refereed through a peer-review process. Guidelines for authors and other relevant information for submission of manuscripts are available on the journal's website.

Guest Editors

Dr. Wei Zeng

Prof. Dr. Leandro V. A. Gurgel

Dr. Camila Stéfanne Dias Costa

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.7.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Alexander Böker

Lehrstuhl für Polymermaterialien und Polymertechnologie, University of Potsdam, 14476 Potsdam-Golm, Germany

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
