

## Special Issue

# Polymer Materials for Selective Adsorption and Separation

### Message from the Guest Editor

This Special Issue aims to disseminate knowledge on novel polymers for adsorption and separation in chemical and environmental engineering for homogeneous solutions and heterogeneous mixtures. This includes any adsorption and/or separation of liquids, vapors and gases, carbon capture and separation, heavy/precious metals adsorption and recovery, organic adsorption and degradation. This Special Issue provides an integrated platform for scientific communication that assists the advancement of polymer science and related fields. This Special Issue will publish original research articles, notes, short communications and reviews.

### Guest Editor

Prof. Dr. Zhibing Zhang

State Key Laboratory of Nuclear Resources and Environment, School of Chemistry, Biology and Materials Science, East China University of Technology, Nanchang 330013, China

### Deadline for manuscript submissions

closed (30 September 2023)

## About the Journal

### Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.7.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Alexander Böker

Lehrstuhl für Polymermaterialien und Polymertechnologie, University of Potsdam, 14476 Potsdam-Golm, Germany

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, FSTA, CAPlus / SciFinder, Inspec, and other databases.

#### Journal Rank:

JCR - Q1 (Polymer Science) / CiteScore - Q1 (General Chemistry)
