Recent Advances in Polymer-Based Organic Coatings

Message from the Guest Editors

As an economical, adaptable surface treatment, polymer-based organic coatings hold unparalleled significance in augmenting material performance, conserving resources, and advancing sustainable practices.

This Special Issue aims to compile original and cutting-edge research work in the development, characterization, and application of polymer-based organic coatings.

About the Journal

Message from the Editor-in-Chief

Since its foundation in 2009, *Polymers* has developed into an internationally renowned, extremely successful open access journal. The editorial team and the editorial board dedicatedly combine open-access publishing and high-quality rigorous peer reviewing. The performance of the journal has proven this strategy to be well-suited and highly successful. This is reflected in the increasing impact factor of *Polymers*, the most recent one being 4.9.

I would like to invite you to contribute to the success of the journal by sending us your high quality research papers. We would be pleased to welcome you as one of our authors.

Editor-in-Chief
